PROFESSIONAL EXPERIENCE

Kestrel Valley Medical Center – Registered Nurse, Cardiovascular ICU *Jan 2022 – Present*

- Precepted 8 new-graduate and transfer nurses through a 12-week ICU orientation; all 8 finished on schedule and 7 were still on the unit a year later.
- Led a 4-month pilot of continuous capnography for post-operative cardiac patients across 20 beds: wrote the charting checklist and trained 45 nurses on both shifts, and charting compliance rose from 71% to 98%.
- Unit practice council member since 2023; co-wrote the revised sepsis-screening workflow both ICUs now use.
- Epic super-user for the hospital's 2023 upgrade: wrote 12 tip sheets on flowsheet and order-set changes, staffed go-live support on 3 units, and logged 140 issues to the build team.
- Cares for post-CABG, valve, LVAD, and IABP patients: titrates vasoactive infusions and manages CRRT and post-operative ventilation.
- Relief charge nurse one to two shifts a week since 2023: makes assignments for 9–11 nurses, runs bed flow with the house supervisor, and leads the unit's response to rapid-response calls.

Delta Ridge Hospital – Registered Nurse, Cardiac Telemetry *Aug 2019 – Dec 2021*

- Falls-prevention team member: falls with injury on the unit dropped from 9 to 3 in the year after the team introduced hourly rounding and bed-alarm checks.
- Cared for 4–5 telemetry patients a shift: post-catheterization, heart failure, arrhythmia, and step-down after cardiac surgery.
- Completed charge nurse orientation in 2021 and covered charge on more than 10 shifts.

LICENSES & CERTIFICATIONS

Registered Nurse, California Board of Registered Nursing (active)
CCRN (Adult), American Association of Critical-Care Nurses
ACLS and BLS, American Heart Association
NIH Stroke Scale certification

EDUCATION

Valley State University Online
Graduate Certificate, Nursing Informatics (in progress) Jan 2026 – Present

- Coursework in clinical decision support, health data standards, and system implementation; finishing in 2027.

Valley State University Sacramento, CA
B.S. Nursing May 2019

- Graduated magna cum laude.
- Capstone: evaluated bedside handoff practice on a telemetry unit and presented the findings at the school's research day.

VOLUNTEER

Riverbend Community Clinic – Volunteer Triage Nurse *Jun 2019 – Present*

- Triages 15–20 walk-in patients per Saturday shift, twice a month, at a free clinic for uninsured adults.
- Wrote the clinic's one-page hypertension follow-up handout, in English and Spanish.

SKILLS

Teaching: precepting, tip sheets, at-the-elbow go-live support
Clinical: cardiovascular ICU, post-cardiac-surgery care, vasoactive titration, CRRT, IABP, LVAD, ventilator management, telemetry interpretation
Systems: Epic (ClinDoc, flowsheets, order sets), Pyxis, Excel (pivot tables, lookups)
